

"Back To School" Time!

① Summer is over and its time for kids and teachers to go back to school!

② Normally, we all head back to our schools. We see our teachers and our friends in person. But this year is different. This pandemic causes us to get creative. More online learning for us!

③ Its okay to be disappointed about learning from home. Many teachers and students are disappointed. But we can do this! Parents will help, teachers will help, and sometimes our friends can even help when we get stuck!

④ There are fun things about learning from home, too! Our teachers care about us and will make this interesting and fun. We will do our best, we will ask for help when we need it, and we will be kind to ourselves!
