**Friday, January 24th ~ Doubleheader**

**-Girls Varsity: Tipoff @ 6:00 PM**

vs.

Aces assistant coach Kevin Grugan's daughter, Hope, lives with Angelman Syndrome (AS), a neurogenetic disorder that occurs in one of every 15,000 live births. Characteristics of AS include developmental delay, lack of speech, seizures and walking and balance disorders.

Hope is a beautiful, amazing girl and an inspiration to all who know her. Friday's games will honor her remarkable progress and raise critical funds and awareness for the Angelman Syndrome Foundation and the Foundation for Angelman Syndrome Therapeutics, two of the largest non-governmental funders of AS-specific research. Their work has helped bring forth new discoveries that give hope for therapies and ultimately a cure for AS, and the Hope Classic in its first 5 years has helped raise over \$10,000 towards their efforts.

Lower Merion welcomes Haverford High School, Lynnewood Elementary School, and Chatham Park Elementary to be a part of a great evening of basketball and help make a difference in the lives of those affected by AS!

### Scholar Snapp

Common App has made it easy for applicants to access scholarship opportunities directly through their admissions application by giving you the option to connect your information with Scholar Snapp! Scholar Snapp makes it easier to apply for scholarships by allowing you to apply to multiple scholarships without having to re-enter your information each time. Instead, you can reuse your information from one application to another. Fill out one application and simply import it, or "snapp" it, to a Scholar Snapp profile to use again next time. Check out their website for the full list of providers along with Frequently Asked Questions at [scholarsnapp.org](http://scholarsnapp.org).

### You've been accepted to college, now what should you do?

Congratulations! Being accepted to college is the hardest part. You now need to figure out which college is the best fit for you. Looking at several different options will hopefully help you and your family to make the best decision.

- 1. Celebrate!**

You have worked hard and should be proud of all that you have accomplished!

- 2. Be patient and consider all of your options**

You may have been accepted to one or some of your schools, but it is best to wait until you have all of your decisions back to weigh all of your options, unless you applied Early Decision. If you applied Early Decision, you will need to submit a deposit and withdraw all of your other applications.

- 3. Compare the \$\$\$**

Sometimes you will receive a financial award letter with your acceptance, but in other cases, it may come later. It is important to compare the financial details of each school. This can be done using a spreadsheet to compare the bottom lines. What initially appears as the cheapest is not always the least expensive when you consider grants and institutional scholarships.

- 4. Attend an accepted students day or visit the campus again**

Visit the campus to see how it feels and if you feel like it is a good fit for you. This will also give you a chance to connect with other students who have been accepted.

- 5. Research**

Do a little extra research and make a pros and cons list. Look at what students are doing who have graduated from the school, what options are available to students who are there, and the co-op/internship opportunities.

- 6. Commit**

Once you have decided on your school, send in the deposit \$ and make your decision official. Remember that you have until May 1st to decide, but can make a decision prior to then as well.

- 7. Keep working hard**

Getting into college is the hardest part, but you must remember to keep up your grades and keep working until the very end. You have been accepted, but your acceptance is conditional until the school receives your final transcripts.

The Counseling Office is currently accepting transcript requests. As of December 31, 2019, 2,144 transcripts have been requested by a total of 335 students.

## Course Selection for the 2020-2021 School Year:

Students, their parents, counselors, and teachers should all be involved in the course selection process. An ideal schedule should challenge, but not overwhelm, students leading them toward an occupational or educational goal. Follow these steps to choose courses, which will interest you and fulfill your personal and academic goals:

1. Become familiar with the requirements of the occupation, technical school, or college in which you are interested.
2. Become familiar with the requirements for graduation from Haverford High School.
3. Review the Course Selection Guide which can be found on the Counseling website.
4. Listen and ask questions as your teachers discuss course selection in class.
5. Schedule a time to meet with your school counselor if you need assistance.

## Delaware County Technical School:

Any current 10<sup>th</sup> or 11<sup>th</sup> grade student who is interested in attending the Delaware County Technical School for the 2020 - 2021 school year should get an application in the Counseling Office and submit their applications to their counselor by February 7, 2020. For questions and concerns, please contact Ms. Vindler at [kvindler@haverfordsd.net](mailto:kvindler@haverfordsd.net) or 610-853-5900 extension 2572.

## Medical Careers Program at the Delaware County Technical School:

Any current 11<sup>th</sup> grade student who is interested in attending the Medical Careers program for the 2020 - 2021 school year should meet with their counselor and attend an information meeting in February (date to be announced). The Medical Careers program is a full-year, honors-level, Delaware County Technical School program that is available for students in their senior year. It is geared toward students who are interested in pursuing a medical career in college. In this program, the hospital becomes the classroom and students will travel to local hospitals and rotate through various departments, learning about the many roles of medical professionals. The Medical Careers students leave Haverford High School at 6:30 every morning and travel to their assigned hospital and return in time for second block. Students interested in participating in this program need to have a grade point average of at least a 3.0, and be in good standing.

## News from the HHS Counseling Department

### Graduation Requirements:

Twenty-six and a half (26.5) credits are required for graduation.

English	4.0
Mathematics	4.0
Social Studies	4.0
Science	4.0
Arts and Humanities	2.0
Physical Education and Health	1.5
Electives	7.0

### Grade Point Average (GPA):

Grade Point Average or GPA is calculated each semester as classes are completed. Each final course letter grade is assigned a point value. The unweighted GPA is calculated by taking the credit for the class and multiplying it by the point value assigned to the letter grade. Then, add up all of the multiplied values and divide by the total number of credits.

Classes taken at the honors or AP level have a different point value (unweighted point value x 1.25 = weighted point value). Students who take honors and AP classes will have a weighted GPA that differs from the unweighted GPA. There are no points awarded to classes that are taken Pass/Fail.

### Upcoming SAT dates: [www.collegeboard.org](http://www.collegeboard.org)

March 14, 2020 (at HHS), May 2, 2020 (at HHS) and June 6, 2020
