Security Grant Update

Video Surveillance

Part A

- Security Cameras at all Loading Docks
- Additional outdoors cameras at High School and Middle School

Part B

- New Video Management Software
- Security Cameras in Stadium, Dugouts, and Tennis Courts

Video Displays

Communicating with the public as they enter our buildings

Digital Signage

- Allow for public as they enter the school to see important information as well as information for students

Surveillance Monitors

- Will show live feed of key security cameras for that building

2-way Radios

Additional Radios

- Building parity in number of radios at each elementary
- Multi-Channel radios for Maintenance Mechanics

Repeaters

- Addition of 2-way Radio repeaters at each elementary to increase range
- Establishment of district-wide security channel for communication

Building Access

Additional Card Readers and Door Prop Indicator

- Loading Docks at three Elementary schools

Video Intercom at Main Entrances

- Similar to video intercom at interior doors of Middle School
- Allows for seeing an individual before allowing them access to schools
