Best Buddies Wing Bowl

Today, the Best Buddies had their 14th annual Wing Bowl. There were several wingers and wing watchers. 12th grade Andrew McGinley (McGinley loves Wings) won with 29 delicious wings and 2nd place goes to Mr. Lutes (Trust the Processed) with 27 wings. On his own Mr. Lutes raised \$1200.00 for the Best Buddies Organizations. A special thank you goes out to Sam's Brookline Pizza for donating the awesome wings. Also, a special thanks to Ms. Kishbaugh and all the teachers, aides and students who helped make the fundraiser a wonderful success. Thank you.

Congratulation to our Students of the Month of January

Georgia Evans - Class of 2020- nominated by Ms. Forgeng

I had the pleasure of having Georgia in class as a freshman in English and, then again this year, as a senior in Film Study. She is a dream student - engaged, prepared, curious, questioning, hard-working, respectful, tolerant, and open-minded. On top of being a star student, she is a person who chooses kindness and is always looking to give voice to the oppressed. She has leadership qualities and gives me great hope in her generation. At Haverford, she excels in both academics and extra-curricular activities and is an example of what it means to have H-Pride.

Ben Harnwell - Class of 2020 - nominated by Mr. Corsi

Ben does quiet but outstanding work in the Technology Education classes. He is a member of the robotics team and one of their top drivers. Ben is always willing to help other students who need help in the classroom. His behavior and work ethic is always professional and example for all students. He is a pleasure to work with and a joy to have in class.

Hannah Hermansen- Class of 2021 - nominated by Ms. McMahon

Hannah has been such an amazing addition to our Child Development class. Her kindness, strength, and grace throughout the semester have inspired me

and all of her classmates. She is a genuine gift to the staff, other high school students and the preschoolers.

Sidra Givens-Skeaton- Class of 2021 - nominated by Ms. Costanzo

Sidra has helped as our Counseling Aide during the first block this semester. Each morning, she greets us with a smile and never complains about the many passes we ask her to deliver. When I asked Sidra to take a new student on a tour of the high school, she walked the student to each room on her schedule and then invited the student to join her lunch table. Sidra befriended this new student and made her feel welcome at HHS. Sidra has shown great kindness and compassion!

Nate Drew - Class of 2022 - nominated by Mr. Masino

Nate Drew is one of the most responsible and talented students I have ever worked with in my time here at HHS. His contribution to the sound team of the tech crew is indispensable. He is efficient and effective and highly responsible. He is also one of the kindest and nicest people to work with. He excels at every task he is given. He also has gone above and beyond to take workshops outside of school to learn more skills in sound for musical productions.

Samantha Yakscoe - Class of 2022 - nominated by Ms. Zeoli

Sam is definitely one to remember. Not only is she brilliant; she is confident, caring, friendly, funny, down-to-earth, honest, easy to talk to..... a breath of fresh air.

Unbeknownst to me until today, I discovered that she carries a 99% or higher in all her classes. She is an extremely hard worker and always knows which questions to ask, so I am not surprised. She is helpful to her group as she shares her knowledge daily. She also plays the saxophone! What intrigues me about Sam is not really her level of intelligence and leadership ability, but the type of person she is.

I can imagine that she is an amazing daughter and a friend. For Christmas, she and her mother made these chocolates together and they were amazing! I also know that she would get up early in the morning before school and go walking for miles with her mom in the freezing cold. It is very comforting to hear that she is still

family-oriented in her teenage years.

In the short time that I spent with her, I learned how exceptional she is. I'm sure there is a list of many more amazing things she does. Anyone who gets to experience time with Sam is a lucky person:-)

Jamie (James) Lozano - Class of 2023 - nominated by Ms. Mackrell

Jamie is an intelligent and high performing student who takes his academics seriously. Additionally, he also empathetic toward the needs of his peers and never misses an opportunity to be kind and helpful. I am continuously impressed by his positive approach to all things and his great sense of humor.

Chris Horsey - Class of 2023 - nominated by Mr. Harris

Chris Horsey consistently stayed to help straighten up the room after ETL and was always inquisitive and helpful.

Scholar Snapp

Common App has made it easy for applicants to access scholarship opportunities directly through their admissions application by giving you the option to connect your information with

Scholar Snapp! Scholar Snapp makes it easier to apply for scholarships by allowing you to apply to multiple scholarships without having to re-enter your information each time. Instead, you can reuse your information from one application to another. Fill out one application and simply import it, or "snapp" it, to a Scholar Snapp profile to use again next time. Check out their website for the full list of providers along with Frequently Asked Questions at scholarsnapp.org.

You've been accepted to college, now what should you do?

Congratulations! Being accepted to college is the hardest part. You now need to figure out which college is the best fit for you. Looking at several different options will hopefully help you and your family to make the best decision.

1. **Celebrate!**
You have worked hard and should be proud of all that you have accomplished!
2. **Be patient and consider all of your options**
You may have been accepted to one or some of your schools, but it is best to wait until you have all of your decisions back to weigh all of your options, unless you applied Early Decision. If you applied Early Decision, you will need to submit a deposit and withdraw all of your other applications.
3. **Compare the \$\$\$**
Sometimes you will receive a financial award letter with your acceptance, but in other cases, it may come later. It is important to compare the financial details of each school. This can be done using a spreadsheet to compare the bottom lines. What initially appears as the cheapest is not always the least expensive when you consider grants and institutional scholarships.
4. **Attend an accepted students day or visit the campus again**
Visit the campus to see how it feels and if you feel like it is a good fit for you. This will also give you a chance to connect with other students who have been accepted.
5. **Research**
Do a little extra research and make a pros and cons list. Look at what students are doing who have graduated from the school, what options are available to students who are there, and the co-op/internship opportunities.
6. **Commit**
Once you have decided on your school, send in the deposit \$ and make your decision official. Remember that you have until May 1st to decide, but can make a decision prior to then as well.
7. **Keep working hard**
Getting into college is the hardest part, but you must remember to keep up your grades and keep working until the very end. You have been accepted, but your acceptance is conditional until the school receives your final transcripts.

The Counseling Office is currently accepting transcript requests. As of January 31, 2020, 2,226 transcripts have been requested by a total of 348 students.

Grade 9, 10, and 11 Communications

News from the HHS Counseling Department

February 2020

Grades 9, 10 and 11

The Counseling Office would like to thank you for taking the time to read though the following information in an effort to collaboratively support student success.

In celebration of **National School Counseling Week** (#NSCW) February 3-7, 2020, the Counseling Department would like to thank our students, parents and district employees at all levels for their support in offering a comprehensive school counseling program.

For a deeper understanding of our role as a School Counselor, we are sharing information from the American School Counselor Association (www.schoolcounselor.org).

The School Counselor maximizes student success by helping them to:

- Apply academic achievement strategies
- Manage emotions and apply interpersonal skills
- Plan for postsecondary options (higher education, military, work force)

Student success is maximized through the implementation of a comprehensive School Counseling program that includes:

- Direct student services including:
 - Instruction – teaching the School Counseling curriculum to students.
 - Appraisal and advisement – assessing student abilities, interests and achievement to help them make decisions about their future.
 - Counseling: providing professional assistance and support to a student or small group of students during times of transition, heightened stress, critical change or other situations impeding student success. School counselors do not provide therapy or long-term counseling in schools; however, school counselors are prepared to recognize and respond to student mental health needs and to assist students and families seeking resources.
- Indirect student services including:
 - Consultation – share strategies supporting student achievement with parents, teachers, other educators and community organizations
 - Collaboration - work with other educators, parents and the community to support student achievement
 - Referrals – support for students and families to school or community resources for additional assistance and information

News from the HHS Counseling Department

Grade Point Average (GPA):

Grade Point Average or GPA is calculated each semester as classes are completed. Each final course letter grade is assigned a point value. The unweighted GPA is calculated by taking the credit for the class and multiplying it by the point value assigned to the letter grade. Then, add up all of the multiplied values and divide by the total number of credits.

Classes taken at the honors or AP level have a different point value (unweighted point value x 1.25 = weighted point value). Students who take honors and AP classes will have a weighted GPA that differs from the unweighted GPA. There are no points awarded to classes that are taken Pass/Fail.

Course Selection assemblies will take place this month for the 2020-2021 School Year:

Students, their parents, counselors, and teachers should all be involved in the course selection process. An ideal schedule should challenge, but not overwhelm, students leading them toward an occupational or educational goal. Follow these steps to choose courses, which will interest you and fulfill your personal and academic goals:

1. Become familiar with the requirements of the occupation, technical school, or college in which you are interested.
2. Become familiar with the requirements for graduation from Haverford High School.
3. Review the Course Selection Guide which can be found on the Counseling website.
4. Listen and ask questions as your teachers discuss course selection in class.
5. Schedule a time to meet with your school counselor if you need assistance.

Mid-Year Transcript

Seniors can begin requesting mid-year transcripts beginning on Friday, January 17th. Mid-year transcripts will be sent beginning on February 3rd. You can find the mid-year request form at the bottom of the home page of Naviance. You must complete the form one time for each school.

Delaware County Technical Schools

All applications for the Delaware County Technical Schools are due to Ms. Vindler by February 14th. Applications can be found outside of her office. Please see your counselor for more information.
